RE: **Site Review Memo Addendum**

Legacy T – Central Office
520 Third Street
Santa Rosa, California

CC: Louise Delano, Environmental Manager – EH&S

Mr. Doug Frey, Manager AT&T legacy tanks provided us with the attached *Case Closure* letter dated September 18, 1998 from the California Regional Water Quality Control Board – North Coast Region. The letter “confirms completion of site investigation and remedial action for the underground storage tanks formerly located at the above described location“. We believe this letter should provide sufficient comfort to your potential buyer to allow the transaction to proceed without further concern.

Please contact me (or in my absence, Louise Delano) if you have any questions.

Dear Mr. Wallace:

Subject: Case Closure
AT&T Communications, 520 Third Street, Santa Rosa
Case No. 1TSR286

CA 1800

This letter confirms the completion of a site investigation and remedial action for the underground storage tanks formerly located at the above described location. Thank you for your cooperation throughout this investigation. Your willingness and promptness in responding to our inquiries concerning the former underground storage tanks are greatly appreciated.

Based on the information in the above-referenced file and with the provision that the information provided to this agency was accurate and representative of site conditions, no further action related to the underground tank release is required.

This notice is issued pursuant to a regulation contained in Title 23, Division 3, Chapter 16, Section 2721(e) of the California Code of Regulations.

Please contact our office if you have any questions regarding this matter.

Sincerely,

Lee A. Michlin
Executive Officer
